MEMORANDUM FOR: Associate Deputy Director for
Intelligence

SUBJECT : Request to Participate in Career
Planning Panel at Georgetown University

1. I have been invited by the Georgetown University Center for Career Planning and Placement to participate in a panel discussion about careers in international relations. Four other persons involved in such work are also to participate on the panel, and 30 or more students--mostly undergraduates I am told--will attend.

2. The panel is scheduled for the afternoon of November 18th. I have been assured by the planners of the meeting that no media representatives will be present, and that I will be expected only to discuss in general terms my work and how it fits into the intelligence business. The planners are quite confident that there will be no opposition to my appearance from anyone at the university. In any event my visit cannot be construed as a "recruiting" trip.

3. I have already accepted the invitation contingent on discussing it with other Agency officials. I am hopeful that approval can be obtained by November 11 so that I can reconfirm with the Georgetown placement people and so that they can make definite plans.
